BOARD & STAFF DISCUSSION, QUESTIONS, COMMENTS:

Director Sharp asked about Conflict of interest code. Will be discussed next meeting.

Clerk Pillsbury talked about Brown Act and emails, phone conversations, and face-to-face meeting. Discussed prohibited communication and gave examples of “chain” and “hub and spoke” type communication. Mentioned that no more than two directors can discuss a District business issue outside of a regular Board meeting.

Director Pillsbury talked about our grant seeking program. Thinks we need to do a better job. Suggested that members of the Fire Department are interested. Mentioned that we could leverage our grants process by using consultants.

Director Sharp offered some ideas for working with Yuba Water Agency for access to grants.

Chief Butler expressed frustration with our grants program.

Chair Pessoa put Director Sharp in charge of Grants.

Director Pillsbury shared his experience at the County Registrar's office while registering as a candidate for a DOHFPD Board seat. Described the costs and time involved in running a contested campaign versus and running for an uncontested seat. Talked about costs both to the District and to the candidates when there is a contested election. Also talked about possibility of family event for Fire Department, such as a BBQ.

Director Sharp stated that he believes that using a DOHFPD email address in an email does not make it District business. Discussion clarified that what actually made that email about District business was the subject and content of the email.

Chief Butler mentioned that Tim took care of WIFI router problem and discovered that SucceedNet wiring in the building was very old and deteriorating. SucceedNet came out and repaired it.
