Good afternoon,

Yuba LAFCO has engaged RSG, Inc. ("RSG") to prepare a Municipal Service Review ("MSR") for the five fire protection and emergency medical service providers within Yuba County's northern region. RSG is also under contract to prepare a Countywide Sphere of Influence ("SOI") Update for all fire protection and emergency medical service providers in Yuba County. While we gather as much data from publicly available sources, we would benefit from receiving your direct input to help us capture the nuances not easily identified in these materials.

Attached you will find a series of data requests and questions in which your insight and feedback would be extremely helpful. **We kindly ask that you provide responses by Friday, August 21st.**

We understand that some information may not be available for each agency. In these cases, please indicate this fact and we can follow-up at a later date. Once in receipt of your responses, our team would greatly appreciate the opportunity to interview you to address any follow-up questions we may have. **Could you please indicate which of the following time blocks work for your schedule for a 1.5-hour virtual interview:**

- Wednesday, August 26th, anytime from 1-4pm
- Thursday, August 27th, anytime from 1-4pm
- Wednesday, September 2nd, anytime from 1-4pm

If you have any questions, please let us know.

Best regards,

**Kendall Schroth (she/her)**
