DOHFPD Board,

What about sending our newest volunteer(s) to this, if they can get Fridays off from their current job to attend? And anyone else in the department that currently does not have these certifications, It's \$127. We could offer full reimbursement or partial upon completion.

They would walk away with Title 22, Cal Fire FF 1C, S190, L-180, S130 & S-131.

This would allow trainings to focus on the group rather than individuals when the time comes.
