(37-2026)

DOHFPD Board,

I was recently informed of a company, www.grantstation.com, that helps source and write grant proposals.

Currently the Yuba County Posse uses this service and has had success with it. I'm unaware what exactly they have applied for and obtained though. I know most of our board and volunteers hold a job and our time is limited, making it hard for individuals to commit to looking for grants. This seems like a great opportunity for assistance when it comes to grants.

If this option looks valuable to our board/department I would like to request that not only the board gets notified of upcoming grants but 1-2 volunteers get notified as well. They do offer two types of memberships, 1 year at \$199 and 2 year for \$299.

I will see if I can obtain more information before the next meeting, but my work is in its busy season and I'm currently assigned an investigation as well.

If you have any questions between now and the next meeting please let me know,
Greg Stensler, 6402
