(39-2026)

Dear General / Public Records:

Pursuant to the California Public Records Act (Gov. Code § 7920.000 et seq.), I request a copy of the following public records of Dobbins-Oregon House Fire Dist:

The log, register, or tracking list of public records requests received by Dobbins-Oregon House Fire Dist between July 1, 2025 and June 30, 2026, including for each request, to the extent maintained: the date received, the requester category or type (no personally identifying requester information is needed), a brief description of the records sought, the disposition, and the date closed.

I request the records in electronic format (a spreadsheet export such as CSV or Excel is preferred) delivered by reply to this email. If your agency does not maintain such a log, please tell me so. In that case, and only then, I request in its place a copy of your agency's most recent completed response to a public records request, including the written determination and any records released in that response.

If any portion of the requested records is exempt, please release the remainder and identify the specific exemption justifying each withholding (Gov. Code § 7922.540).

UnGovr is a California nonprofit public benefit corporation, recognized by the IRS as tax-exempt under Section 501(c)(3); these records are sought for the public benefit, not for commercial use. We ask that any fees be waived or limited to the direct cost of duplication; if fees would exceed \$10, please contact me before incurring them.

Thank you for your assistance.

Sean McDermott
